COMMENTS:
The question most asked is; will this railroad
have dual usage? Private / government?

Will you post the positions available to build this
rail for all areas of Nevada?

Will Esmeralda and Nye County host those laborers
and thereby receive the benefits. To date many
employees have been bussed into Nye County
from Las Vegas - this is not acceptable -

It's time to treat these counties fairly -

Please note: Your comment(s) must be received by the Department of Energy by June 1, 2004 to be considered. Comments received after the close of the comment period will be considered to the extent practicable.

If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so the address and postage-paid notice are visible, then secure with tape.

Please feel free to attach additional pages (if mailing, more postage may be needed).
